

YOUNG SOCIAL MAKERS is a 10-days workshop in a FabLab to teach your people between 15 and 25 years old on the use of digital design and tools to make objects or prototypes.

## Main challenge, Key Success and Enabling Factors

- Learning how to use digital 3D design,
- Training on the use of different resources in a FabLab,
- Create social objects.

## Lessons Learnt and Recommendations

- Assistants were able to create three social objects: a wheelchair, a postural chair and a tool to stand people with mobility problems.
- The workshop would be larger, not just 10 days and include other learning issues such as self employment orientation, preparing a short business plan and others related to get jobs related with the gotten skills.
