

Each student are reporting its individual progress using Trello platform.

Each desktop are splitted in few fields like: task to be done (TO DO), processing, ready to verification, done. Additionally we are using different board to exchange data between students.

Main challenge, Key Success and Enabling Factors

- Task to be done (TO DO), processing, ready to verification, done.
- Use different board to exchange data between students.

Lessons Learnt and Recommendations

- The Trello platform must be checked each week by mentor. The students should record all activities every time they execute a part of job. Trello allows to investigate and supervise whole process. It facilitates to prepare general summary.
